COLOR SAMPLES: Include with this form samples of all the colors you plan to use. These can be the conventional color patches available at your paint store or web site link, identified by the name or color code used by the manufacturer, or (if custom blended) a swatch of the actual paint on white paper.

Please indicate the color you would like to use for each of the following:

Siding/Gutters/Downspouts/Fascia/Corners/Vents _____

Window & Door Trim (does not include corners, vents, fascia) _____

Front Door/Side Door/Back Door _____

Garage Doors and Garage Side Entrance Doors: _____

Shutters _____

Other _____

NOTE:

You do not need ARC approval to repaint your house if you will be replicating its present, approved color scheme, nor do you need our approval to paint a new or existing garage or shed to match your approved house colors. However, the garage door(s) color must be proposed and approved, and generally should be the same as the house doors. All structures on a property must use the identical, approved color scheme.
